

Appendix B – Local Green Spaces

The Neighbourhood Plan Steering Group members used their local knowledge and sought public opinion to identify candidate sites. Feedback from landowners was obtained and this was used alongside the criteria to assess the suitability of each site. The two sites meeting the criteria are listed below.

GS01 East Burton Village Green

Areas that were requested by parishioners but not included following consideration

There were several candidate sites which did not meet the criteria. These are listed in the table.

Area	Reason for non-recommendation
The D'Urberville Field	The field is already protected by a covenant on the land restricting its use to "the provision of playing fields and a pavilion either with or without a village hall". The land is also subject to legal agreement between Fields in Trust and Wool Parish Council that the council will retain it for use as a green space, usually a public park, playing field or recreation ground, in perpetuity.
The Cross, Wool	Consultation on the proposed designation of The Cross as a Local Green Space led to the confirmation that the site is already registered as a Village Green and as such is protected from development. Additional protection through Local Green Space designation is not required.
Holy Rood and Churchyard	It is an active church and already protected by law.
Wool Village Pound	Already protected by statutory legislation as it is Grade II listed.
Water Meadows	It is an extensive tract of land so does not meet the criteria for Local Green Space protection.
Woolbridge Manor	Already protected by statutory legislation as it is Grade II listed

Bindon House Mill	Already protected by statutory legislation as it is Grade II listed
Bindon Abbey	Already protected by statutory legislation as it is Grade I listed
Cole Wood	This wood is actively managed woodland with recognition of the public footpath plus a permissive path provided by the landowner for additional public access. The landowner opposes wider access to the woodland due to its requirement to manage the site as a working woodland and to ensure protection of wildlife in key areas.
The Wool Stream and its source	It is an extensive tract of land so does not meet the criteria for Local Green Space protection.
Lulworth Road Allotments	This area is included within an agricultural tenancy. Any proposed development in this area will have to provide community benefit in line with, and as required by, any planning permission granted.
Coombe Wood	This wood is actively managed woodland, and a permissive bridleway is currently provided by the landowner. Additional future access is explicitly linked to an adjacent proposed development.
Braytown Triangle	The historic chestnut tree is already subject to a Tree Protection Order. The triangle itself may need alteration to address traffic management.
East Burton Churchyard	It is closed burial ground and already protected by law.
East Burton Bridge	It is more a place of interest than a green space so does not satisfy the criteria for Local Green Space protection.
