## neighbourhood plan

**Steve has completed the end of year funding report and has started applying for further funding. The requirement for a Housing Needs Assessment may result in additional funding being made available.**

**Andrew, Robin and Steve will flag that funding may be required from Parish Council. The meeting decided that design codes would not provide real value, were probably too ambitious for this version of the Neighbourhood Plan and that priority should be given to a few high value policies.**

**Steve will meet with Lee to discuss the feasibility and cost of Lee creating the majority of the NP with support from the NPSG.**

**7. AOB and items for next agenda. It was decided that the next meeting will be in June to allow sufficient time to make progress on actions.**

**8. Date, time and location of next meeting. The next meeting will be 7pm on 28<sup>th</sup> June via Zoom.**
